Game Instructions:

1. Starting off from Sydney, travel anti-clockwise around Australia, stopping off along the way at some of our most famous icons. Simply throw the dice and move your playing piece the corresponding number of spaces around the game board.
2. If you land on a 'Blue Thong' space take a card from the 'Blue Thong' pile. Give the card to the person sitting next to you to read. The card contains 4 questions. State which question you wish to answer (A, B, C or D). Answer your chosen question for your reward.
3. If you land on a 'Yellow Thong' space take a card from the 'Yellow Thong' pile. Give the card to the person sitting next to you to read. Follow the directions for your reward.
4. If you land on a 'Free Throw' space you get the chance to throw the dice again and move ahead the number rolled on the dice.
5. If you land on a '2-up' space you are faced with a difficult decision. Toss the coin and shout either heads or tails. If you win you can either move ahead 3 spaces or choose a player to move backwards 3 spaces.
6. If you land on a 'Detour' space you must follow the path indicated by the arrow on your next throw. But don't worry, even though it may seem like a longer journey the rewards can be just as big.
7. The first player to make it back to Sydney wins... good luck!
